

DSPHERE 2026

National Technical Convergence organized by the Department of Computer Science & Engineering (Data Science) at Tulsiramji Gaikwad-Patil College of Engineering & Technology (TGPCET), Nagpur.

DATE: Saturday, 22 August 2026 VENUE: TGPCET Campus, Wardha Road, Nagpur STATUS: Production Verified & Active

1. Key Metrics & Festival Highlights

03

FLAGSHIP EVENTS

Exciting

PRIZES & REWARDS

500+

EXPECTED DELEGATES

40+

COLLEGES REPRESENTED

2. Architecture & Technical Stack

LAYER / DOMAIN	TECHNOLOGY / FRAMEWORK	PURPOSE & IMPLEMENTATION
Core Application	React 18, Vite 5, React Router DOM 6	High-performance Single Page Application with client-side routing
3D Visual Engine	Three.js, @react-three/fiber, @react-three/drei	Interactive satellite Earth with orbital rockets & animated Nagpur zoom
Particle Canvas	HTML5 Canvas API, Custom Particle Physics	Cursor-reactive dynamic neural particle network
Styling & Motion	Tailwind CSS 3, Framer Motion 10	Cyber dark theme, glassmorphic panels, and animated page transitions
Icons & Typography	Lucide React, Outfit, Plus Jakarta Sans, JetBrains	Responsive iconography and layered font hierarchy

3. Department & Institutional Profile

HOST INSTITUTION

Tulsiramji Gaikwad-Patil College of Engineering & Technology

Autonomous Institution affiliated to RTMNU Nagpur | NAAC 'A+' Grade | AICTE Approved

Mohgaon, Wardha Road, Nagpur, Maharashtra — 441108 (Ahead of Dongargaon Toll Plaza)

DEPARTMENT VISION

To emerge as a Centre of Excellence in Data Science, nurturing expertise in Analytics and Machine Learning for national development.

HOD: Prof. Sayra Bano Sheikh (hod.ds@tgp cet.com)

4. Flagship Competitions Detailed Specifications

Comprehensive breakdown of rules, eligibility, fees, team structures, and evaluation rubrics.

1. DataForge — ML / AI Hackathon

MACHINE LEARNING

Forge Ideas. Train Models. Solve Problems.

Premier machine learning challenge where participants build predictive models and end-to-end data pipelines for real-world industry problems.

DATE & TIME	VENUE	TEAM SIZE	ENTRY FEE
22 Aug 2026 · 10:30 AM	AI & Data Science Lab	1 — 3 Members	₹150 / Team

Focus Tracks: Predictive Health & Bio-Informatics, Computer Vision & Detection, NLP & LLM Applications, Fintech & Fraud Detection.

Evaluation Rubric: Model Accuracy & F1 (35%), Data Cleaning & EDA (25%), Architecture & Optimization (20%), Live Demo & Pitch (20%).

2. DataDuals — Technology Debate Championship

TECH DEBATE

Two Sides. One Topic. Unlimited Arguments.

High-octane parliamentary technical debate where sharp minds clash over AI ethics, AGI governance, data sovereignty, and technological philosophy.

DATE & TIME	VENUE	TEAM SIZE	ENTRY FEE
22 Aug 2026 · 01:00 PM	Seminar Hall 1, TGPCET	2 Members (Spk 1 + 2)	Free (No Entry Fee)

Focus Tracks: AGI & Existential AI Risk, Data Privacy vs. State Security, Generative AI & IP, Autonomous Weapons & Warfare.

Evaluation Rubric: Technical Substance (35%), Rebuttal Sharpness (30%), Rhetorical Eloquence (20%), Parliamentary Decorum (15%).

3. DataModelling — 3D CAD & Digital Twin Challenge

3D MODELLING

Imagine It. Model It. Build It.

Flagship 3D modelling and CAD engineering competition testing precision modeling, assembly creation, and photorealistic rendering.

DATE & TIME	VENUE	TEAM SIZE	ENTRY FEE
22 Aug 2026 · 12:00 PM	CAD Centre, Mech Block	1 — 2 Members	₹100 / Team

Supported Software: Fusion 360, SolidWorks, CATIA, AutoCAD, Revit, Blender, Creo, Siemens NX, Tinkercad.

Evaluation Rubric: Dimensional Accuracy (35%), Creativity & Application (25%), Render & Material Quality (20%), Live Demo (20%).

5. Synchronized Event Day Schedule (22 August 2026)

09:30 AM

Participant Reporting & Kit Distribution

Arrival, identity verification, desk onboarding, and event credentials check-in.

10:00 AM

Grand Inauguration Ceremony & Final Briefing

Main Auditorium — Dignitary addresses, jury welcome, and track rule briefing.

10:30 AM

DataForge — AI/ML Hackathon Sprint Begins

Advanced AI & Data Science Lab — Problem statement release and model development sprint.

11:00 AM

Keynote Guest Lecture

Main Auditorium — Special industry expert session on Emerging AI Frontiers.

12:00 PM

DataModelling Competition Commences

Digital Design & CAD Centre — 3D CAD modeling, assembly design, and render sprint.

01:00 PM

DataDuals Debate Rounds Kickoff

Seminar Hall 1 — Parliamentary tech debate clash with crossfire and rebuttal rounds.

03:00 PM

Comprehensive Judging & Final Presentations

Live inference testing, jury project assessment, and debate scoring across all venues.

04:00 PM

Valedictory Ceremony & Prize Distribution

Main Auditorium — Trophy felicitation, certificates, medal awards, and closing ceremony.

6. Organizing Committee & Student Leadership

FACULTY ADVISORY LEADS

Prof. Abhimanyu Dutonde — Convener & HOD (ML & Big Data)

Prof. Pooja Pimpalshende — Faculty Co-Convener (DataForge)

Prof. Premlata Shahare — Faculty In-Charge (DataDuals)

Prof. Jayesh Bisane — Faculty In-Charge (DataModelling)

STUDENT CORE COMMITTEE

Aditya Korde (President) +91 84469 05836

Vedant Nanoti (Secretary) +91 99601 16568

Ram Dhote (Treasurer) +91 82082 68304

Shreyash Nannaware (Tech Head) +91 87673 04109

Om Komujwar (Joint Sec) +91 93702 07152

Rohit Chute (Event Head) +91 78756 47302

Om Bokade (Media Head) +91 91583 99325

Sourabh Wanjari (Discipline Head) +91 90219 23172

7. General Rules & Disqualification Code

- **Eligibility:** Open to bona fide undergraduate, postgraduate, and diploma engineering students. College ID mandatory.
- **Punctuality:** Reporting required 45 mins prior to track start. Late entries beyond 15 mins forfeit slot.
- **Integrity & Code:** Plagiarism, unapproved code duplication, or lab tampering causes immediate disqualification.
- **Decisions:** Designated jury evaluation scores and faculty coordinator rulings are final and binding.
